

LOGO GUIDELINES

Updated: 25 February 2019

Make it legal.

Make sure you comply with our Terms of Service and Acceptable Use Policy.

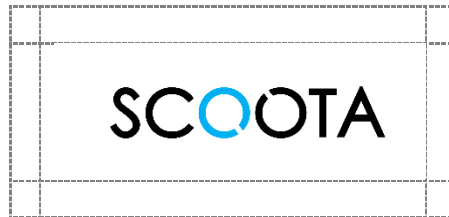

Give it space.

Make sure you give the logo enough room to breathe. Please don't place it too close to other objects on the page and don't stack it on top of other objects.

Don't change.

Please do not change the color, integrate it into other graphics, add effects like gradients or shadows, or change size ratio.
